## DETAILED ACTION

### ***Response to Amendment***

1. The Applicant's Amendments and Accompanying Remarks, filed May 9, 2007, have been entered and have been carefully considered. Claims 4 – 5 are cancelled and claims 1 – 3 and 6 – 7 are pending. All formal matters have been corrected.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance: The Board Decision rendered on October 10, 2006 reversed the only standing rejection. US 6,712,921 B2 and US 6,613,260 B2 are considered to be the most pertinent art as they both teach an elastically stretchable web and inelastically stretchable web that are bonded together at a plurality of bonding spots but do not teach the claimed fiber chemistry. In addition, it should be noted that they cannot be considered *prior art*.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
